*Elena Salazar*

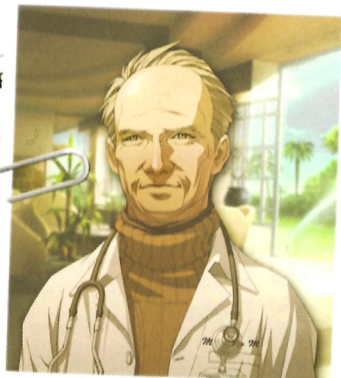

Primary Physician:

Nurse

Name: Elena Salazar

Age: 20

A former patient of Dr. Vaughn who underwent life-saving surgery. She studied to become a nurse so that she, too, could help people. Although she is still young, she is hardworking and not afraid of a challenge.

*Miles Hoover*

Primary Physician:

Form R8247SW

Director-Montgomery Memorial Hospital
Name: Miles Hoover

Age: 64

The Director of Montgomery Memorial Hospital, a small facility in a remote part of Alaska first established by Dr. Alan Montgomery. As his long career in medicine winds down, his surgical skills have grown a bit rusty. However, his patience and warm character have earned him the respect of the locals.

Primary

Lloyd Wilkens

Professor-Concordia Medical Institute

Name: Lloyd Wilkens

Age: 49

A professor at Concordia Medical Institute with whom Dr. Vaughn previously worked, conducting research. Even after Markus's voluntary departure, Wilkens continued with this questionable research, leading to a startling discovery that puts not only himself but also his colleagues in terrible danger.

Primary

Marcy Bloom

Nurse-Montgomery Memorial Hospital

Name: Marcy Bloom

Age: 40

The sole nurse working at Montgomery Memorial Hospital, she confidently assists Markus and Valerie in the operating room. She's easy-going, kind, and friendly, making her well liked by patients in her care.
